

For immediate release
28th January 2014
Child Welfare Scheme Ltd (CWS)

It is with great sadness that we have learnt that CWS co-Founder, Director, mentor, and friend, Sandra d'Auriol passed away unexpectedly on 22nd January 2014.

Sandra was a significant supporter of CWS (a child focused charity) in Nepal in its early years and later helped to establish CWS' highly successful fundraising arm in Hong Kong in 2003. Since then Sandra's immeasurable contributions to CWS' fundraising and strategic planning have made our life changing work possible. Despite being a devoted mother and wife, jewelry designer and successful business woman she worked tirelessly to raise funds and guide us in our work.

Sandra devoted her talent for designing elegant jewelry pieces to making the world a better place – all of the proceeds from her successful jewelry business were donated to over 20 humanitarian and environmental causes in HK and around the world. CWS was proud to be one of these recipients.

All of us at CWS will miss Sandra and her never ending passion for life. Sandra encouraged us to dream and enabled us to achieve. Her ability to constantly see the positives in any challenging situation inspired us all. We are devastated by her loss but will continue to draw upon her inspiration in our work and daily lives.

CWS is a HK registered charity which provides protection, education, health care and opportunities to disadvantaged children and their families in Nepal. Each year CWS supports 30,000 children directly and thousands more indirectly. www.cwshk.org
